Understanding how your business is growing and what impediments, challenges and opportunities you have to making it better will help you prepare yourself and your business for successful growth. 'Reading the play' and preparing for it are essential for a clever operator to maximise the opportunity and returns when going through growth. The three Add10 videos and worksheets should illuminate key factors to help you transition from aspiring to grow to successfully growing - with a greater level of clarity, certainty and control.

What growth curve do you think you're on? Why?
